COMPANY'S FINANCIAL PERFORMANCE

Net revenue from operations increased to ₹ 27565.59 lacs as against ₹ 25567.23 lacs in the previous year showing a growth of 7.82%.

The Profit Before Extra-Ordinary Items & Tax for the current year is ₹ 942.55 lacs as against ₹ 652.96 lacs in the previous year showing a growth of 44.35%. However, Profit before tax for the current year is ₹ 340.64 lacs which was ₹ 652.96 lacs in the previous year. Profit before tax in the current year compared to previous year is gone down by ₹ 312.32 lacs. The reason for going down the Profit before tax is because of the company sold sizable fixed assets of its Navalgadgh Unit in current year resulted in loss of ₹ 601.91 lacs. The said loss is reflected under the extraordinary item in the statement of Profit & Loss.

After deduction of Tax, there is a loss in the current year of ₹ 64.54 lacs as against ₹ 301.65 lacs profit in the previous year. The PAT of current year was affected mainly due to the loss in sale of fixed assets of its Navalgadgh Unit as mentioned above.

There are no material changes and commitments affecting the financial position of your Company which have occurred between the end of the financial year 2014-15 and the date of this Report.

SALE OF FIXED ASSETS OF THE NAVALGADH UNIT

The Particle Board manufacturing unit ("The Navalgadh Unit") located at Survey No. 270, Village Navalgadh, Taluka Dhrangadhra, Dist. Surendranagar, Gujarat, was started in the year 2009 for manufacture of Plain Particle Board. Initially, it was contributing well but laterly it started the negative contribution, which was ultimately impacting negatively in the overall profits of the Company. To come out of this impact and to increase the profitability of the Company, the management of the Company disposed off the selective assets of the Navalgadh Unit and the amount realized has been utilized to pay off the existing liabilities of the Company.

In compliance with provision of Section 180(1)(a) of the Companies Act, 2013, Section 192A of the Companies Act, 1956 read with the Companies (Passing of the Resolution by Postal Ballot) Rules, 2011 and other applicable provisions, your company had taken the approval of the shareholders by a Special Resolution through Postal Ballot for said matter.

During the year under review, your company has sold sizable fixed assets of the Particle Board manufacturing unit ("The Navalgadh Unit") which resulted in loss of ₹ 601.91 lacs and said loss is reflected under the extraordinary items in the statement of Profit & Loss.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis forms an integral part of this Director's Report. It gives detail of the overall industry structure, developments, performance and state of affairs of the Company's all the businesses, internal controls and their adequacy, risk management systems and other material developments, if any, during the Financial Year.

ANNEXURE [E] TO BOARD'S REPORT

PARTICULARS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

CONSERVATION OF ENERGY

(A) STEPS TAKEN FOR CONSERVATION OF ENERGY / FOR UTILISING ALTERNATE SOURCES OF ENERGY:

1. Company has Modify the process of cooking systems at the pre heater in the refiner section, which mainly reduce the power consumptions in the refiner main motor.
2. Company has modified the forming system and pressing system in the main plant, which results in the increase of production. Our plant installed capacity is 300 cbm per day for 16.00 mm thickness board which we are achieving without affecting the board quality.
3. Company has modified the fuel feeding system of our energy plant. By this our fuel consumption on energy plant was reduced considerably.
4. We are maintaining the KVA demand (maximum demand) within the limit even after installation of the new machineries like short cycle press and water pumps. Compared to last financial year, this financial year, an average of 150 KVA was reduced in our maximum demand part.
5. Company has introduced the VFD for the following motors which resulted into saving of energy and improved the quality of Boards:
 - Chipper in feed roller motors
 - Agitator motor in refiner section
 - Conveyor motors in chipper section
 - Roller conveyor motor in sanding machine.
6. Company has started to purchase power from the third party through INDIAN ENERGY EXCHANGE which reduced substantial power cost of the Company.
7. Additionally, Company is also following some alternative sources or techniques which are useful in energy saving:
 - The Company has reduced the use of conservative energy techniques for consumption of energy in the areas of lighting, vacuum system, air-conditioning and process water heating / evaporation systems at its manufacturing plant and offices.
 - The company at regular basis improving its fuel mixture, fuel burning, steam generation, distribution, and utilization process in manufacturing process at all the plants.
 - Company always does on regular period modification in process, maintenance of machine, plant, etc., awareness among employee about energy conservation measures.
 - Installation of Variable Frequency Drives for pumps as well as blowers for best possible utilization of electric energy as per variable volumes to handle.
 - Installation of Auto Voltage Regulator to lower the electricity supply losses.
 - Company is avoiding utilizing higher rated compressors and generally used lower capacity compressors.
 - Company is utilizing highly efficient electronic motors, lights, fans etc. at possible level.
 - Company has installed big air ventilators in its some units, which run on wind speed and do not require electricity.
 - All manufacturing plants are using natural lighting and ventilation system to the extent possible.
 - At every shift we monitor the power consumptions and taking corrective actions, if required.

(B) PROPOSED ENERGY CONSERVATION MEASURES UNDER STUDY FOR THE NEXT FINANCIAL YEAR:

1. At Chikkamagaluru plant, Boiler blow down water to use at our process after treatment in some units

2. Installations of VFD for the following equipment:
 - a. Cutting saw motors
 - b. Reject fan motor
 - c. Sanding fan
 - d. Secondary circulations pump
 - e. Thermal oil circular pump in short cycle press
3. Introduction of temperature based control system for cooling tower for reduction of electrical energy
4. Modifications of yard lights and street light with best energy saving lights

TECHNOLOGY ABSORPTION

A) The efforts made by the Company towards technology absorption

1. Company has carried out modification in manufacturing process. It introduced waste wood and reaper along with eucalyptus with proper ratio to reduce the production cost of the MDF board, without affecting the board quality.
2. Company has installed wood splitter in the chipper section. By this machine we can bring easily any big size wood into Company's required size.
3. Installation of Paper Impregnations machine to reduce cost of pre-laminated boards.
4. Development of new products, design, concept and processes at regular intervals.
5. Continuous value engineering through different means such as formula modification, new and alternate Raw Material consumption etc.
6. Upgradation of existing products and processes to save process cycle time, energy saving and increasing overall operational efficiency.
7. Optimization of products and processes to minimize waste generation.
8. In house R&D activities to improve the quality of products.

B) The benefits derived like product improvement, cost reduction, product development or import substitution:

Your Company is covered under the design products industry. New designs and variety in products remain the demand by customers. So, development of new products and creativity in the process is the basic requirement to get the key share from the market or sustain in it. Due to the above efforts, it becomes possible to attract the market and built up new customer base. It also became helpful to the Company to improve the product base as per requirement in the market, cost reduction and product development.

FOREIGN EXCHANGE EARNINGS AND OUTGO

Foreign exchange earned in terms of actual inflows during the Financial Year 2014-15 was ₹ 83.52 crores (equivalent value of various currencies).

Foreign exchange outgo in terms of actual outflows during the Financial Year 2014-15 was ₹ 66.42 crores (equivalent value of various currencies).

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****1. OVERVIEW OF THE ECONOMY**

As per the revised estimates for GDP data released by Central Statistical Office (CSO), the GDP is to grow at 7.4% in 2014-15 as against 6.9% in 2013-14 and 5.1% in 2012-13. While the industry and services sector are estimated to grow at a higher rate in 2014-15 than that in 2013-14, the agriculture sector was also affected adversely by shortfall and unseasonal rains.

The economy of India in the FY 2014-15 has emerged as one of the largest economies with a promising economic outlook on the back of controlled inflation, rise in domestic demand, increase in investments, decline in oil prices and reforms among others. More benefit to the Country is that it has got stable Government with good support at Central level after long.

The average Wholesale Price Index (WPI) inflation declined in 2014-15 to 3.4% (April-December), vis-à-vis 8.9% in 2013-14, as fuel has witnessed a sharp decline in prices. Food price inflation also moderated to 4.8% during April-December 2014 as compared to 9.4% in 2013-14.

Further average retail inflation, measured by Consumer Price Index (CPI), moderated to 6.3% in 2014-15 (April-December) from 9.5% in 2013-14.

As per Global Economic Prospects Report, the global economy is expected to grow 2.8 percent in 2015, slightly less than forecast. Developing country growth, buffeted by falling commodity prices, the stronger dollar, and tightening financial conditions, has been revised downward to 4.4% in 2015 but is expected to pick up momentum and reach 5.3% in 2016-17.

2. INDUSTRY STRUCTURE AND DEVELOPMENTS**LAMINATE PRODUCTS**

Laminate products generally used as furniture surface materials or wall paneling and it protect them from scratching, wear and tear and fire risk. Decorative laminates usually increase the life span of surfaces and give them an attractive finish. In addition, decorative laminates are available in wide range of colors, designs and textures are other major factors driving the value of decorative laminates. Decorative laminates are basically of three types: high-pressure laminates, low-pressure laminates and edge banding. High-pressure laminates are high-priced and more durable, whereas low-pressure laminates are low-cost. Edge banding is generally used to smooth the exposed edges of surfaces include MDF and plywood. The basic raw materials required for manufacturing of decorative laminates include kraft paper, tissue paper, base paper, melamine, methanol, phenol and formaldehyde.

As per latest estimates, India has now more than 165 laminate producing establishments that includes all kinds of laminate. As per BSMR finding during 2013-14, India has around 135 'Decorative' Laminate producing units of which around 7-8 units are non-operational. It is observed that there has been a total production of 1.35 to 1.40 Crore sheets every month in India i.e. approximately 13.5 million sheets per month that includes export and domestic market. Indian laminate industry and trade is estimated to be of ₹ 4800 Crores per annum in India. By 2015 it is expected to touch ₹ 5100 Crores depending on the performance in remaining months.

The HPL production capacity has been growing year on year. In terms of number of sheets, the production has seen a growth of 12% approximately since 2010. As per the reports and estimate of various furniture industries, the online market is reported to be approaching a minuscule ₹ 800 crores but it is growing rapidly. Experts are of the view that in the next 3-4 years furniture sales online will be touching ₹ 15,000 Crore.

MEDIUM DENSITY FIBRE (MDF) BOARD

Medium-density fibre board (MDF) is an engineered wood product formed by breaking down softwood into wood fibres, often in a defibrator, combining it with wax and resin, and forming panels by applying high temperature and pressure. It is a building material similar in application to plywood but made up of separated fibres, not wood veneers. It is denser than normal particleboard.

Large-scale production of MDF began in the 1980s. Its name derives from the distinction in densities of fibreboard. MDF typically has a density of 600-800 kg/m³, in contrast to particle board (160-450 kg/m³) and to high-density fibreboard (500-1450 kg/m³). Similar manufacturing processes are used in making all types of fibreboard.

The MDF segment will be less crowded as there is no imminent capacity addition and is expected to be one of the most glorious years with respect to demand and profitability. With rise in widening applications of MDF in housing and interiors, MDF is well positioned to enjoy lot of value addition on its surface. The MDF segment is growing around 25% rate per annum and will generate further demand and maintain the growth during 2015.

In 2014, global wood-based panel production reached 288 million m³, which was a 3.6% increase over the previous year (278 million m³). This is mostly due to rapid and consistent growth in the Asia-Pacific region, where production has increased by 31% in last 6 years. (Sources: FAO) The global outlook of MDF for 2015 calls for an increase of 3.8 million m³. This will bring the global total to 83.8 million m³ and, subsequently, it is on track to reach 87.4 million m³ by 2017.

OPPORTUNITIES AND THREATS

OPPORTUNITIES

- **Good Brand Image:** Company has good brand image and quality product in the Indian as well as foreign market. Company's products are known in the market with brands which have the "VIR" as prefix and Signor Brand.
- **Wide product range:** Company has around 1200 designs in laminated sheet which gives it unmatched competitive superiority over its competitors. Company remains eager in providing latest designs and products to its customers. During the last year, Company lodged various Catalogues of its Laminate Product i.e. VIR Primelam Catalogue of 0.8 mm Sheets, VIR Laminate Master Catalogue of 1.00 mm Sheets, 0.8 mm Signor Catalogue, Signor Master Catalogue of 1.00 mm Sheets, VIR Digital Catalogue, VIR Architectural Catalogue, VIR New Arrived Catalogue etc. It shows quickness of the company to attract new customer and provide something new to its existing customers.
- **Online Selling:** As per experts view the next 3-4 years furniture sales online will be touching to ₹ 15,000 Crore. The company will take effective steps to take benefit of this opportunity.
- **Expand Market Network:** Your Company continues to expand its marketing networks, by appointing Consignment Agent, branches, distributors, dealers etc. in various states in all over the country.
- **MDF Growth:** The experts expected that the MDF segment may grow at rate of 25% during the year 2015-16, the company may take reasonable steps to take benefit of this opportunity and further day by day, MDF is taking place of Plywood in Furniture Industry. People are accepting MDF as substitute of Plywood. Presently, there are few players in India of MDF Board manufacturer. So, future of MDF Board is very prospective in India.
- **Government:** After the long time government is changed and we might have got stable government which has more focus on the development side and improving environment conditions of countries, it may lead to growth in infrastructure and real estate sector i.e. road, bridge, hospitals, Housing, Hotels, Commercial Properties etc.,. The growth in this sector will lead to the growth of Companies which are connected with Interior Infrastructure items.
- **Housing for All:** It is the big mission of Central Government that by 2020, every Indian family should have a house of its own. Imagine, what may be effect of this mission on the demand of housing related industries including furniture.

THREATS

- **High Competition Era:** The laminate Industry has entered into the orbit of the high competition. The market fights are set to intensify with unstoppable capacity build up. The Competition from both unorganized and other organized players, leading to difficulties in improving market share.
- **Manpower:** The one of the common problem is emerge for finding talent with competence or even skilled manpower for the wood based panel industries irrespective of the company Brand or Size.
- **Raw Material:** The wood based panel industries is dependent on natural forests for their raw material requirement, it is crisis in view of the restrictions on timber extraction owing to environmental considerations.
- **Under cutting of price:** Due to high competitions in market, the competitors are doing price cutting of products to compete or keep their existence in markets which is ultimate big problems for the industries.
- **Importation:** Dumping or Cheap import from China and other Countries of laminates, MDF and other furniture products.
- **New Entrance:** More and more new organized players are entering into market which will increase competition in organized sector also.
- Threat of substitute products move toward market.

3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

LAMINATES & ALLIED PRODUCTS:

Even high competition in the Laminate segment, the company is performed well by executing plans, markets strategy, introducing new designs and finishes or textures, improving quality of product with reasonable price etc. The company is

also focusing to capture rural market along with urban market. The turnover of Laminate segment was up from ₹ 155.58 Crores in 2013-14 to ₹ 158.85 Crores in 2014-15 increase by ₹ 3.27 Crores

MEDIUM DENSITY FIBER BOARD:

In the MDF Segment, Company performance was very well in the year 2014-15 compare to the last year 2013-14 by increasing its markets share. The turnover of MDF product was increased from ₹ 78.06 Crores in 2013-14 to ₹ 102.67 Crores in 2014-15, showing growth of 31.53%. Our company's performance was in line with the industries performance in the MDF segment, the Indian penal Board industries growing at the rate of 25% as per the estimate made by the industries experts and our company's MDF segment grown at the rate of 31.53% in the year 2014-15 compare to the last year 2013-14.

4. OUTLOOK:

After the long time Central Government is changed and we might have got stable government which has more focus on the development side and improving environment conditions of countries, which may lead to growth in infrastructure and real estate sector i.e. road, bridge, hospitals, Housing, Hotels, Commercial Properties etc.,. The growth in this sector will lead to the growth of Companies which are connected with Interior Infrastructure items.

Further the Reserve Bank of India has already eased the monetary cycle and is expected to bring out more interest rate cuts going forward. The multinationals that were hesitant to enter in the Indian markets are ready to lay their hand on the arising opportunity the new government is creating. Inflation including the house price components has now been reduced to the lowest level in the recallable history. Property buyers are back in the most cities as enquiries have rebounded.

All this favorable factors coupled with some of the important developmental reforms that are being pursued by the Central Government like the tax, reform and push for infrastructure spending will set the stage for further pick-up in economic activity in 2015-16. **INDEPENDENT AUDITORS REPORT****To the Members of Rushil Decor Limited****Report on the Financial Statements**

We have audited the accompanying financial statements of Rushil Decor Limited ('the Company'), which comprise the balance sheet as at 31 March 2015, the statement of profit and loss and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2015 and its loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- (c) the balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
- (d) in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of the written representations received from the directors as on 31 March 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2015 from being appointed as a director in terms of Section 164 (2) of the Act; and
- (f) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

**SIGNIFICANT ACCOUNTING POLICIES****A. SIGNIFICANT ACCOUNTING POLICIES :****(a) Basis of preparation :**

These financial statements have been prepared to comply in all material aspects with applicable accounting principles in India, the applicable Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and other accounting principles generally accepted in India, to the extent applicable.

(b) Use of Estimates :

The preparation of the financial statements in conformity with GAPP requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(c) Revenue Recognition

Sales are stated inclusive of rebate and trade discount and excluding Central Sales Tax, State Value Added Tax. With regard to sale of products, income is reported when practically all risks and rights connected with the ownership have been transferred to the buyers. This usually occurs upon dispatch, after the price has been determined.

Export Benefits are accounted on accrual basis.

(d) Fixed Asset :

(i) Tangible Fixed Assets acquired by the Company are reported at acquisition value, with deductions for accumulated depreciation [other than "freehold land" where no depreciation is charged]. The acquisition value includes the purchase price (excluding refundable taxes), and expenses directly attributable to assets to bring it to the factory and in the working condition for its intended use. Where the construction or development of any such asset requiring a substantial period of time to set up for its intended use, is funded by borrowings if any, the corresponding borrowing cost are capitalized up to the date when the asset is ready for its intended use.

(ii) Intangible Fixed assets are stated at cost of acquisition or development.

(iii) All indirect expenses incurred during project implementation and on trial run are treated as incidental expenditure during construction and capitalized.

(iv) Capital Works in Progress are stated at Cost.

(e) Impairment of Assets :

The Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset other than goodwill is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss recognized. The carrying amount of an asset other than goodwill is increased to its recoverable amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment losses been recognized for the asset in prior years.

(f) Depreciation and Amortisation :

a) Depreciation on fixed assets is provided to the extent of depreciable amount on Straight Line Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

b) Intangible assets are amortized over a period of 5 years.

(i) Depreciation on additions/disposals during the period is provided on prorata with reference to the month of acquisition/installation as required by Schedule II of the Companies Act, 2013.

(ii) No Depreciation has been provided in respect of Capital Work in Progress.

SIGNIFICANT ACCOUNTING POLICIES

(g) Investments :

Investments are classified as Long Term & Current Investments. Long Term Investments are:

- valued at cost less provision for diminution other than temporary, in value, if any.
- Current Investments, if any, are valued at lower of cost or fair value .

(h) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The Cash flows from operating, investing and financing activities of the Company are segregated.

Cash and Cash equivalents presented in the Cash Flow Statement consists of cash on hand and demand deposits with banks.

(i) Foreign Currency Transactions

Transactions in the foreign currency which are covered by forward contracts are accounted for at the contracted rate; the difference between the forward rate and the exchange rate at the date of transaction is recognized in the statement of profit & loss over the life of the contract. Foreign currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. Exchange differences arising on settlement or restatement of long term foreign currency monetary items, in so far as they relate to acquisition of depreciable assets are adjusted to carrying cost of such assets and depreciated over balance life of the assets. The gains or losses resulting from such translations are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

(j) Valuation of Inventories

- i) Raw materials are valued at lower of **cost** or **net realizable value**.
- ii) Work in progress has been valued at cost of materials and labour charges together with relevant factory overheads.
- iii) Finished Goods are valued at lower of **cost** or **net realizable value** .
- iv) Stores & Spares and Power & Fuel stocks are valued at **cost**,

(k) Employee Benefit:

i. Short Term

Short Term employee benefits are recognized as an expense at the undiscounted amount expected to be paid over the period of services rendered by the employees to the company.

ii. Long Term

The Company has both defined contribution and defined benefit plans. These plans are financed by the Company in the case of defined contribution plans.

iii. Defined Contribution Plans

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to Employees Provident Fund. The Company's payments to the defined contribution plans are reported as expenses during the period in which the employees perform the services that the payment covers.

**SIGNIFICANT ACCOUNTING POLICIES****iv. Defined Benefit Plans**

Expenses for defined benefit gratuity payment plans are calculated as at the balance sheet date by independent actuaries in the manner that distributes expenses over the employees working life. These commitments are valued at the present value of the expected future payments, with consideration for calculated future salary increases, using a discounted rate corresponding to the interest rate estimated by the actuary having regard to the interest rate on Government Bonds with a remaining term i.e. almost equivalent to the average balance working period of employees.

v. Other Employee Benefits

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid.

(l) Earning per Share :

Basic earning per share is calculated by dividing the net profit after tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares outstanding during the year. Diluted earning per Share is calculated by dividing net profit attributable to equity Shareholders (after adjustment for diluted earnings) by average number of weighted equity shares outstanding during the year.

(m) Taxation

Income –tax expense comprises of current tax, and deferred tax charge or credit. Provision for current tax is made on the basis of the assessable income at the tax rate applicable to the relevant assessment year. The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets arising mainly on account of brought forward business losses, capital losses and unabsorbed depreciation under tax laws, are recognized, only if there is a virtual certainty of its realization, supported by convincing evidence. Deferred tax assets on account of other timing differences are recognized only to the extent there is a reasonable certainty of its realization. At each balance sheet date, the carrying amount of deferred tax assets is reviewed to reassure realization.

(n) Provisions/ Contingencies

A provision is recognized when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding long term benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized but are disclosed in the notes to the Financial Statements. A contingent asset is neither recognized nor disclosed.

(o) Borrowing Cost

Borrowing costs are recognized in the period to which they relate, regardless of how the funds have been utilized, except where it relates to the financing of construction or development of assets requiring a substantial period of time to prepare for their intended future use. Interest on such borrowings if any is capitalized up to the date when the asset is ready for its intended use. The amount of interest capitalized for the period is determined by applying the interest rate applicable to appropriate borrowings
